

Behavioral Health Terminology Series of 2-hour Training

Mile High Multilingual Services, Inc., together with *BizPsych* is offering monthly Behavioral Health terminology trainings for interpreters who wish to learn and understand more about the vocabulary used in today's ever changing Behavioral Healthcare industry.

How This Service Can Help You:

As a professional interpreter, you are no stranger to stressful situations. Sometimes these situations deal with highly sensitive subject matter where every word counts. This support service is here to keep you up to date on important Healthcare and Behavioral Health terminology. This makes your job easier and helps ensure 100% accurate interpretations when it matters most.

Classes Include:

- Topic Discussion
- Open Forum for Questions
- Didactic Presentation
- Structured Role Play
- Wrap Up Discussions

We offer CEUs!

Some of the topics covered:

- Depression
- Suicide
- American Prof. Boundaries
- Child Abuse
- Learning Disabilities
- Addictions
- Psychotropic Medication Treatment
- New topics every month
